A TUV CERTIFIED ISO 9001: 2015 Company

2021-22

Market Leaders in
Source and Lighting Coils

A TUV CERTIFIED ISO 9001: 2015 Company

We ushered in to the world of automotive spare parts industry in 1977 with an aim of manufacturing high quality and competitive auto electrical products to cater to the vast and ever growing automobile spare parts market in India and abroad.

Over the past three decades the company has been successfully catering to the Indian aftermarket under the brand name "Jumbo". Our products have been established as one of the most reliable and efficient in its category. We have built a reputation by consistently providing quality products at highly competitive prices. We have been serving, as per specific needs of our valued clients with particular emphasis on sustainably providing a premium quality product.

Our Values

- We realize the criticality of the products we manufacture
- A quality source or ignition coil greatly reduces the risk of vehicle break down
- A quality lighting coil ensures better visibility
- A quality flasher reduces the risk of accidents
- All of the above individually and collectively work towards ensuring a safer ride home for a family

Dedication to the above set of values has helped come a long way over the last 3 decades. The positive feedback and constant encouragement from clients has enabled us to tap clients across India. We are currently exporting to several major European countries including UK, Italy, Germany, Holland, New Zealand, Australia and Taiwan and Nepal. We export to African and other sub continent countries through our channel partners.

We have successfully gathered a dedicated base of customers across the country, with assistance from a well-knit dealer network. We have been catering to the Two & Three Wheeler Spare Parts aftermarket through a large no. of Wholesale Dealers.

CJR Precision Products Pvt. Ltd. was incepted in 2004 with the basic aim of tapping foreign markets. It has since been working towards increasing the client base in the international market. Being a sister company of Ashvin Industries (www.ashvinindustries.com) it has the same responsive corporate team with the mix of Experience and Youth.

In 2013, CJR diversified its operations and set up a manufacturing unit for Rear View Mirrors and other plastic and PVC Moulded Components. The company is currently manufacturing the Rear View Mirrors for the domestic market with more than 120 part numbers for the domestic range of two wheelers and is also in process of attaining "E-Marking" for specific models for the European applications.

Serving the Indian Market
under the brand name "**JUMBO**" since 1971

Vendors to
Global Automotive Component
Manufacturing Companies

Manufacturing Product Portfolio Includes:

- Rear View Mirrors
- Handle Bar Grips
- Other Plastic and PVC Moulded Components Specific to Client Needs

The Company has come a long way since 2004 and catering to satisfied clients in UK, Italy, Germany, The Netherlands, Poland, Romania and Denmark.

We have also diversified our business into trading in quality automotive component procured from quality vendors from India and exported world over from our sister concern CJR Precision Products Pvt. Ltd. At CJR we aim to provide the one stop shop for all quality automotive components for our export clients. Please visit www.cjr-india.com

CJR Precision Products Pvt. Ltd. Was incepted in 2004 as a sourcing company of parts made by Indian manufacturers for the export clients of our parent company, M/s. Ashvin Industries which manufacturers electrical and electronic parts for all two and three wheelers. In 2013, CJR Precision Products ventured into manufacturing of rear view mirrors for motorcycles and scooters for the Indian Aftermarket.

In 2016, we setup a new plant in Khushkhhera Industrial Area, Rajasthan for manufacturing Rear View Mirrors. We have a current production capacity of 1,00,000 RVM's per month at the Khushkhhera Plant.

Important Points:

1. Plastic Molding Facility: In house
2. Stay Rod Manufacturing Facility with a current capacity of 75,000 rods/month: In house
3. Dust Free Liquid Spray Painting Facility for Painted Mirrors: In-House
4. Development Section: In House (for any new product development)
5. Current Production Capacity: Khushkhhera Plant: 1,00,000 RVM's per month
6. We have a wide range with more than 120 part numbers for varied applications.

OUR VISION

"To Build, Keep & Strengthen
The **Trust**
Of All Our Customers,
New & Old
With All Our
Products & Services

OUR PRODUCTS

Supplying
more than 3000 part numbers
across 20 product lines

OUR INFRASTRUCTURE

Capable of developing
customized parts tailored to
customer requirements
